A Message from Our Executive Director

Dear Friends,

It is with deep gratitude and great excitement that I step into the role of Executive Director of North Monticello Community Outreach. I'm honored to serve this incredible community and humbled by the opportunity to lead with faith, compassion, and purpose.

Every pantry bag, every workshop, every moment of connection reflects the heart of NMCO—a heart that beats for hope, healing, and transformation. I believe in the power of unity, and I'm committed to building bridges that uplift families and strengthen our neighborhoods.

Thank you for walking with us. Your support fuels our mission and reminds us that together, we are creating something beautiful and lasting. Whether you're a volunteer, a partner, or a neighbor—we see you, we value you, and we're grateful for you.

With faith and purpose,

Nicole Rhone

Executive Director,
North Monticello Community Outreach

Highlights from our past Family Enrichment Workshops/Seminars

The Weatherization Workshop held on August 2nd was led by Ms. Beata A. Dewitt, MPH from the SC Public Health Association. She discussed the impact of extreme heat on our environment and offered strategies for personal protection and environmental improvement. Participants also had the chance to win door prizes and receive giveaways sponsored by SCPHA.

On September 6th, we explored the Three T's of Stress: Thoughts, Toxins, and Trauma. Dr. Matt Hux highlighted the body's innate ability to heal and shared valuable insights on daily habits we can modify to support our well-being. His office generously donated to our pantry, and participants had the opportunity to schedule appointments with his team at a significant discount.
